16 whether that be a face-to-face meeting or a telephonic conference. The Report will be used in  
17 setting a schedule for the prompt completion of the case, and the parties are reminded of their  
18 obligation to cooperate to secure the just, speedy, and inexpensive resolution of this case. FRCP  
19 1. The Report must contain the following information by corresponding paragraph numbers:

- 20 1. A statement of the nature and complexity of the issues remaining in the case.

---

<sup>1</sup> The deadline for the report may be extended only by the Court. Any request for an extension should be made by telephone to Teri Roberts, the judicial assistant, at (206) 370-8810. The parties are directed to meet and confer before contacting the court to request an extension.

1           2.       The subjects, timing, and potential phasing of any necessary discovery, and how  
2 the parties intend to manage discovery to promote the expeditious and inexpensive resolution of  
3 the case, specifically including consideration of the items set forth in LCR 26(f)(1)(D).

4           3.       Agreements or issues related to the preservation of discoverable information and  
5 the scope of the preservation obligation.

6           4.       Whether the case will involve Electronically Stored Information (“ESI”), how the  
7 parties intend to preserve and produce ESI, and whether the parties agree to adopt this district’s  
8 Model Agreement Regarding Discovery of ESI.

9           5.       Whether the case will involve unique or extensive claims of privilege or work  
10 product protection. If documents responsive to a discovery request are withheld on a claim of  
11 privilege or other protection from disclosure, a privilege log must be produced within the time  
12 frames established for discovery responses. Simply asserting an objection on the ground of  
13 privilege or noting that privileged documents have been withheld is not sufficient.

14          6.       Procedures for handling the inadvertent disclosure of privileged information.

15          7.       What changes, if any, should be made to the limitations on discovery.

16          8.       The date discovery can be completed.

17          9.       Suggestions for the prompt and efficient resolution of the case, such as the  
18 phasing of motions to resolve dispositive issues or the bifurcation of liability and damage issues.

19          10.      Whether the parties intend to participate in an alternative dispute resolution  
20 process beyond the required settlement conference, such as mediation or the individualized trial  
21 program set forth in LCR 39.2.

22          11.      The month the case will be ready for trial. Identify any calendaring conflicts that  
23 should be considered when setting a trial date.

          12.      Whether the case will be jury or non-jury.

1           13.     The number of trial days required.

2           14.     List the dates on which each and every non-governmental corporate party filed its  
3 disclosure statement pursuant to FRCP 7.1 and LCR 7.1.

4           If the parties are unable to agree on any part of the Report, they may answer in separate  
5 paragraphs. No separate reports are to be filed. If the parties wish to have a status conference  
6 with the Court at any time during the pendency of this action, they should notify Teri Roberts by  
7 telephone at (206) 370-8810.

8                                   **PLAINTIFF'S RESPONSIBILITY**

1 - Pursuant to LCR 10(e)(10), all references in the parties' filings to exhibits should be as  
2 specific as possible (*i.e.*, the reference should cite the specific page numbers, paragraphs, line  
3 numbers, etc.). All exhibits must be marked to designate testimony or evidence referred to in the  
4 parties' filings. Filings that do not comply with LCR 10(e) may be rejected and/or returned to
